Remembering
Constante Agbannawag

1946 - 1999

Hi there! Yes, I am the daughter of Constante. As you may know, he passed away in 1999. But his spirit still lives strong in all of us. His family still lives in Salinas. He also has a son, Constante Joseph (CJ) who is a college student in Arizona. I am his eldest and only daughter. I reside in Hawaii and think of him often. It's always nice to hear from his friends who knew him well, so thank you for reaching out to me. [Antonia Agbannawag](#)

*A remembrance from you shared with his family through Antonia would be most welcomed. She is on facebook.

Jim McGauhey, Tulalip, WA, jmcgauhey@usa.net

**I ran the air race with friend Norman. Now we can say we are Air Racers!! I got 2nd place. OK, that's in my division and there were only 2 planes in my division and we were the slowest division out of 15 planes
(yeah, I was the slowest of all the planes).**

We averaged 123.1 mph; the #1 plane in category was the same Cessna 172, same engine, but 9 years newer and they averaged 123.6 mph; very close.

It was more like a car rally than a race.

They started fastest planes first (247 mph) to minimize passing for safety. There were 6 legs around a 148 mile circle; we did the course in about 72 minutes.

YOU MAY ADDRESS ME NOW AS "AIR RACER JIM" ;)

Scratch another one off the bucket list!

I just had my flight physical and my bi-annual flight review with an instructor; so I'm good to fly for another 2 years.

I'd be very interested to hear what's on other '64 grads bucket lists. Seems like travel to certain areas is high on the list and many are doing that.

Hopefully EVERYONE has the **50th** on their list! Let's all scratch that one off together this October! See you then.

August 13, National left handers day

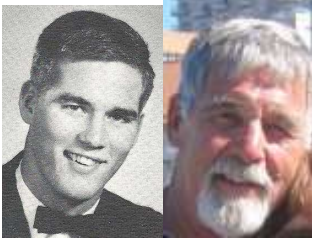

Are you a lefty?

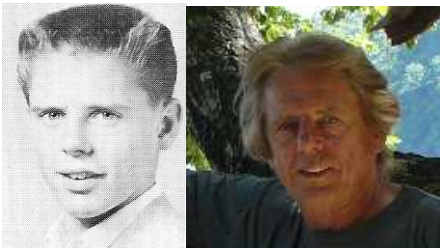

Cecile Tremewan, New Zealand, piperfarm@xtra.co.nz

I was born left-handed and went to school as a “lefty”. Unfortunately in those days the school system didn’t allow for left-handers and we were changed over to being right-handed. I can remember that there were five of us in first grade that were sat in the back of the room and given rubber balls to squeeze with our right hands to

strengthen them. I started school in the Watsonville School District. I wonder if it was a statewide policy or just specific to that school district. Has anyone else of our classmates had the same experience?

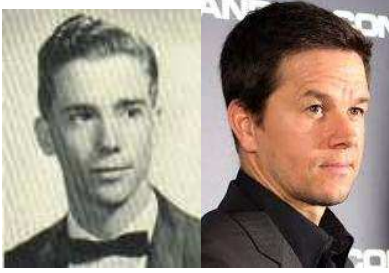

Jim Small, Rathdrum Idaho, jim@smallsco.com. I am left handed, but can hold a beer or fish with either hand. Hope you had a good 4th. Spent the weekend on the river fishing with all my family, sitting by the fire, telling stories, and floating the river had a good time.

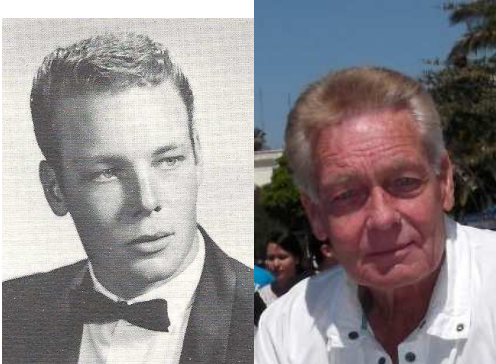

**Don Ricci, Las Vegas, Katmandu01@aol.com
As a young boy, my older left-handed sister taught me, a righty, to play baseball. To this day I do everything (including golf) right-handed with the one exception, I still bat lefty only. Strange.**
